

'60 TIGER

Dedication

We, the '00 Seniors of Parsons High School, hereby dedicate our annual to Mrs. Hilda Welch who has guided and directed us in our activities during our two most cherished years of high school. We shall always remember her for her understanding and devotion as a teacher and friend.

Faculty

Principal's Message

To the students of Parsons High School this year who wanted to become a part of the business and social world and who were preparing themselves to assume various places in life, the year has meant more than merely a year of studying and learning. It has been a year of increased contacts and widening circles of friends. The friendships that have been made will be remembered happily.

I hope the association with the faculty has increased your range of vision and made you realize more fully the great opportunities in commercial, industrial, and governmental fields for those who are well trained and competent in the principles and techniques of a business world.
